Revised Manual 09k

SPECIFICATIONS

ITEM	DESCRIPTION
Overall Dimensions	36-1/8" L X 12-1/2" W X 13-3/16" H
Materials	Low Carbon Steel Cage, 2 Doors, Trigger Hook Release with Sensitivity Weight Trigger Pan, Super Fast Spring Loaded Door
Finish	Zinc Plated Wire
Net Weight	11.3 Lbs.

SAVE THIS MANUAL

You will need the manual for the safety warnings and precautions, assembly instructions, operating and maintenance procedures, parts list and diagram. Keep your invoice with this manual. Write the invoice number on the inside of the front cover. Keep the manual and invoice in a safe and dry place for future reference.

Read, understand and follow all the warning labels and instructions prior to each use. Failure to do so may result in serious personal injury or bodily harm.

SAFETY WARNINGS AND PRECAUTIONS

1. **AVOID SHARP EDGES WHEN ASSEMBLING.** Avoid pinching points. Keep fingers away from moving parts.
2. **ALWAYS WEAR PROTECTIVE GLOVES WHEN ASSEMBLING OR TRANSPORTING THIS ANIMAL TRAP.**
3. **KEEP PRODUCT USAGE AREA CLEAN.** Animal Trap can be hosed off when cleaning.
4. **ALWAYS CHECK DOOR LOCK AND ASSEMBLY LATCHES.**
5. **CHECK FOR DAMAGED PARTS.** Before using this product, carefully check that it will operate properly and perform its intended function. Check for damaged parts and any other conditions that may affect its operation. Replace or repair damaged or worn parts immediately.
6. **USE EXTREME CAUTION** when transporting an animal in the Animal Trap. Be cautious not to get bit or scratched if you plan on carrying the Trap with an animal inside.
7. **DO NOT ALLOW CHILDREN TO STAND ON, CLIMB INTO OR PLAY AROUND THE ANIMAL TRAP.** This Trap is for small animals only. Maximum weight should not exceed 40 lbs.
8. **NEVER PUT TRAP ON A WOODEN DECK OR ANY OTHER SURFACE** that you do not want scratched.
9. **PUT BAIT ON TRIGGER PAN.** The bait should be far enough away from the sides of the Trap so the bait cannot be reached from the outside.

10. **AFTER SETTING, CHECK THE TRAP AT LEAST ONCE PER DAY.** Caged animals may be suffering from stress or cause harm to themselves and should be treated humanely.

11. **CAUTION:** If only one door slams shut, the animal can still escape. It will be easier to trap if you keep one end of the trap shut.

12. **USE A STICK OR PENCIL TO TEST THE TRIGGER PAN.**

13. **STAY ALERT. WATCH WHAT YOU ARE DOING, AND USE COMMON SENSE WHEN OPERATING THE ANIMAL TRAP.** Do not operate the Animal Trap while tired or under the influence of drugs, alcohol, or medication**.** A moment of inattention while operating Animal Trap may result in serious personal injury.

14. **DRESS PROPERLY. DO NOT WEAR LOOSE CLOTHING OR JEWELRY. CONTAIN LONG HAIR. KEEP YOUR HAIR, CLOTHING, AND GLOVES AWAY FROM MOVING PARTS.** Loose clothes, jewelry, or long hair can be caught in moving parts.

15. **WEAR ANSI-APPROVED SAFETY GOGGLES WHEN SETTING UP THE ANIMAL TRAP.** Don't assemble if using drugs or alcohol.

WARNING: The warnings, cautions, and instructions discussed in this instruction manual cannot cover all possible conditions and situations that may occur. It must be understood by the operator that common sense and caution are factors which cannot be built into this product, but must be supplied by the operator.

UNPACKING

When unpacking this product check to make sure that all parts are included as shown in the parts list. If any parts are missing or broken, please call Harbor Freight Tools at the number below.

OPERATION INSTRUCTIONS

1. The Animal Trap comes collapsed and is ready for transport or storage. It is a strong, durable steel wire cage. ***See Figure 1.***

2. Open collapsed Animal Trap by lifting Trap by handle. The Trap will take on a square shape. Swing down the Cage Support Brace (7) and attach it to the Cage (1) using the clips on each side. ***See Figure 2.***

Figure 1

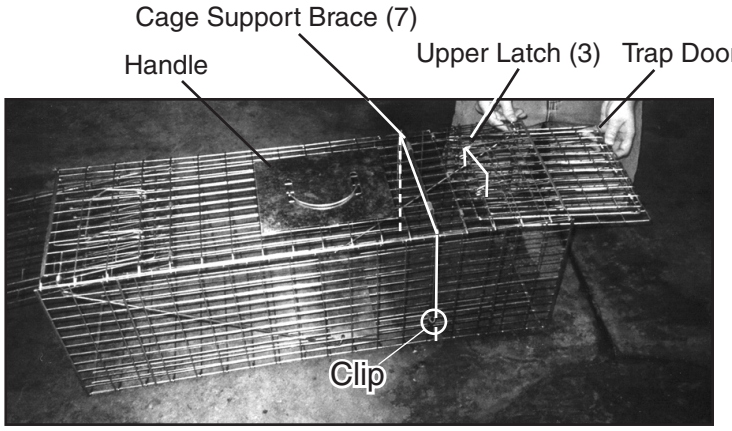

Figure 2

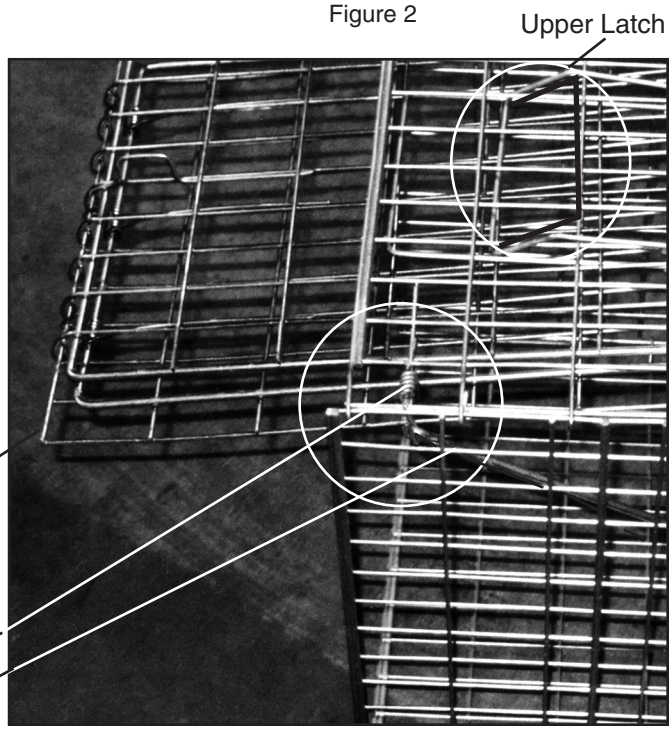

Figure 3

3. Open the Front Spring Powered Trap Door (2) while pressing the Upper Latch (3). Hold the Trap Door (2) open (assistance may be required). Hook the Trigger Hook (4) on the Turning Sleeve (5). ***See Figure 3.***

4. The Trigger Hook (4) will keep the door open. If you want both doors open, repeat these steps on the rear Trap Door (2). ***See Figures 2 & 3.***

5. For a “COARSE SETTING”, adjust the Trigger’s sensitivity by adjusting the Trigger Hook (4) all the way, as far as it goes, under the Turning Sleeve (5). ***See Figure 3 on page 4 and Figure 4 below.*** A heavier amount of weight on the Trigger Pan (6) will be required to pull the Trigger Hook (4) off the Turning Sleeve (5), releasing the Front Door.

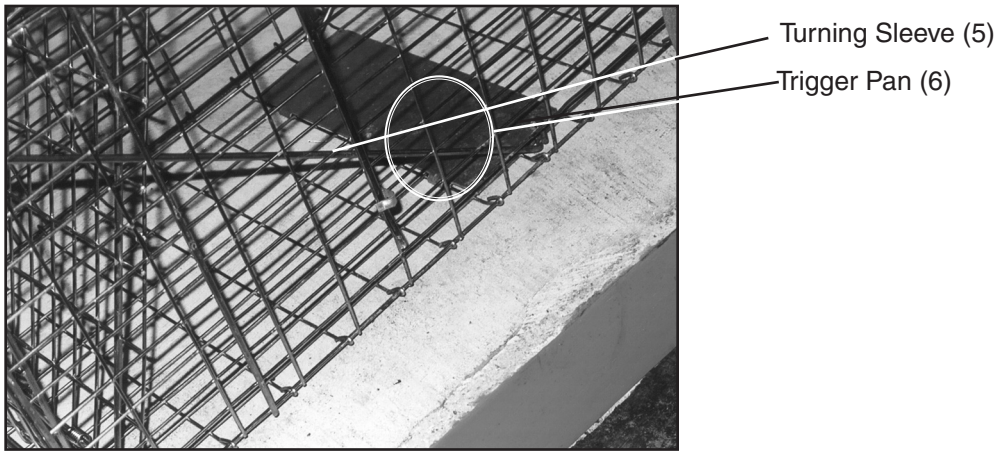

Figure 4

6. For a more “SENSITIVE SETTING”, hook the Trigger Hook (6) on the Turning Sleeve (5) only with the **TIP** of the Hook. The weight of a lightweight animal will pull the Trigger Hook off the Turning Sleeve, thus releasing the front or back Trap Door (2).

7. A pair of pliers (not provided) can reshape the Trigger Hook (6) for any fine adjustment you may need. Practicing the settings of the Trigger with a pencil or screwdriver (not provided) on the Trigger Pan (6) and how much pressure is needed for releasing of the front and/or back Door (2), should give you the desired setting you will need for the animal you plan to catch. ***See Figure 5.***

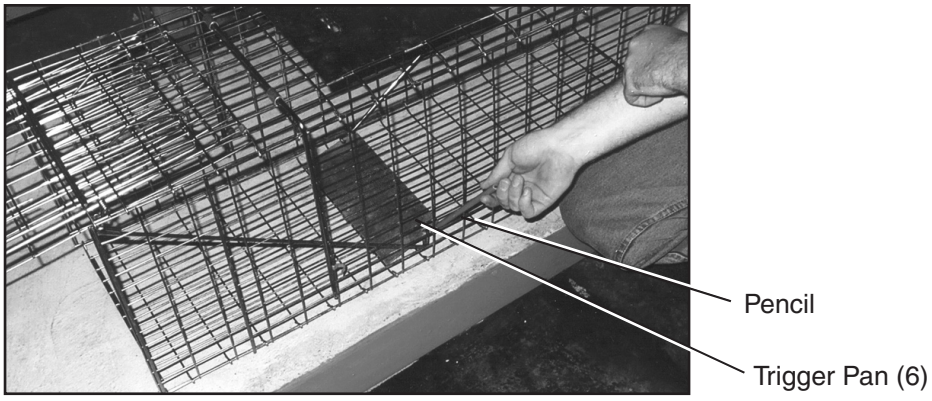

Figure 5

8. After adjustment, place the appropriate bait for that animal on the Trigger Pan (6).

TO COLLAPSE TRAP

1. When done using the Trap, clean up any residue left in the Trap. Hose off with water and dry if necessary.
2. Collapse the Animal Trap by undoing the clips holding the Cage Support Brace (8), placing it out of the way. Using the Upper Latch (3) at the top of the Cage (1), lift up and push down on the Door (3). ***See Figure 5.***

Figure 6

3. Push down as shown in ***Figures 6 and 7.*** The Animal Trap collapses flat and can be carried and stored flat.

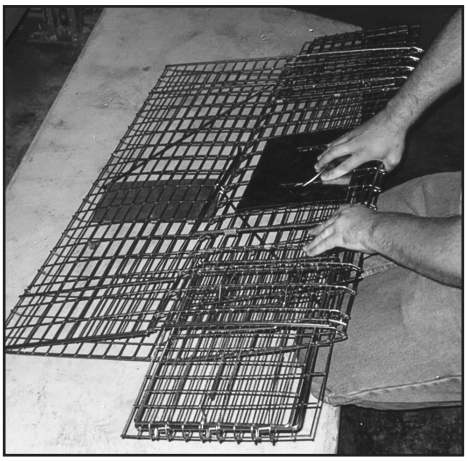

Figure 7

Figure 8

MAINTENANCE

1. For better and safer performance, keep all parts of this product clean and dry.
2. Periodically check to see that all hardware is in place.

PARTS LIST

PART	DESCRIPTION	QTY
1	Cage	1
2	Spring Powered Trap Door	2
3	Upper Latch	2
4	Trigger Hook	2
5	Turning Sleeve	1
6	Trigger Pan	1
7	Cage Support Brace	1
